

उत्थान:Books/Study material Without Limits

In current scenario of pandemic when we have to think twice to step out of the house the issue of unavailability of study material with the students is a problem to be concerned for. Now that DU has released its semester calendar we have decided to buckle up and prepare for December exams ,those students who don't have enough money to buy the reading material or commute to another area to buy books.

As a light of hope in a situation of mere helplessness we the युवा society of Rajdhani College are here to take your studies back to normalcy. You can now access any book of your course and for that you only have to fill a form attached in the link given. We'll try our best to provide you the books/study material as soon as possible.
