Jointly organizes

Online International Workshop on Intellectual Property Right

(Equivalent to Faculty Development Program)

February 8-13, 2021

Theme

IPR plays an important role in the current technological era. It is concerned with the protection of the valuable and innovative ideas. Intellectual Property Rights (IPRs) provides rewards and recognition to inventors for their research, innovations, designs, discoveries and inventions. IPR protection plays a significant role in gaining modest advantage in terms of technological expansions for attaining higher economic growth.

AIM

The foremost objective of workshop is to impart the awareness about IPR and give a platform to convert the ideas into IPR. This FDP will help to understand about the patentability criteria in details..

HIGHLIGHTS

1. Basis of IPR
2. Awareness and Motivation to the students at UG, PG and PhD level and faculty members
3. Research Publications verses filing of Patents
4. Patents, Designs, Copyright and Trade Marks
5. How to Prepare the Invention Disclosure Form
6. How to Prepare appropriate Drawings for Design protection
7. Basics of Conducting Search before concluding on an invention
8. Networking Opportunity with the experts in different fields
